DETAILED ACTION

Election/Restrictions

This application contains claims directed to the following patentably distinct species:

Species 1: Drawn to the adapter of Fig. 8 wherein the SD type adapter has an opening for an IC card in the front.

Species 2: Drawn to the adapter of Fig. 9 wherein the SD type adapter has an opening for an IC card on the top.

Species 3: Drawn to the adapter of Fig. 10 wherein the SD type adapter has an opening for an IC card on the side.

Species 4: Drawn to the adapter of Fig. 15 wherein the MS type adapter has an opening for an IC card in the front.

Species 5: Drawn to the adapter of Fig. 18 wherein the MS type adapter has an opening for an IC card on the top.

Species 6: Drawn to the adapter of Fig. 17 wherein the MS type adapter has an opening for an IC card on the side.

Species 7: Drawn to the adapter of Fig. 22 wherein the MSDuo type adapter has an opening for an IC card in the front.

Species 8: Drawn to the adapter of Fig. 24 wherein the MSDuo type adapter has an opening for an IC card on the top.

Species 9: Drawn to the adapter of Fig. 23 wherein the MSDuo type adapter has an opening for an IC card on the side.

Species 10: Drawn to the adapter of Fig. 26 wherein the USB type adapter has an opening for an IC card in the front.

Species 11: Drawn to the adapter of Fig. 28 wherein the USB type adapter has an opening for an IC card on the top.

Species 12: Drawn to the adapter of Fig. 27 wherein the USB type adapter has an opening for an IC card on the side.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claim 7 is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a).
